The President of the D.F.B.O. Tirumakudal in his letter No. 533 dy 3rd December 1900 reported that the 3rd Class Travellers' Bungalo at Tirumani in the Pavagada Taluq was in a dilapidated condition, that it was seldom used by travellers that the Board resolved to abandon the building & to use the materials thereof for constructing a neat Travellers Bungalo at Midigesi in the Madagiri Taluk & that the Services of the caretaker might be dispensed with & solicited orders on the subject.

2. A copy of the above letter was forwarded to the Chief Engineer for opinion.

3. The Chief Engineer supported the Presidents proposal & said that owing to financial pressure it was not possible to give effect to

Submitted to 2nd C.

The 3rd Cl. bungalow if not used as such would become a Govt not a L.F.B. building. If so, the Caretaker shd be abstd from Govt fds.

As a rule the old materials bring very little profit when used for buildings at other places. Why shd not Dy C be asked to sell the building by auction at once?

I put up as above 16/4/1901

"If the bungalow was constructed from Provincial (D.F.W.) funds, it seems desirable that any arrangement should be made for the disposal of the materials to the best advantage. The D.F.B. To The Superintending Engineer

Eastern Circle

Superintending Engineer's No: 4874 of 26th December, Regarding the proposal to abandon the 3rd class Travellers' Bungalow at Thirumani, Pavagad Taluk &c.

Has the honor to inform in reply that the Bungalow is situated in an out of the way corner of the district and is scarcely used even by the distt: officers and the local Shirdar during their tours, and the building also is in a dilapidated condition, requiring costly repairs and as such, it appears to be better to dismantle the building and utilize the available materials for constructing a third class Bungalow as proposed at Indigese

2. Kadagesi is nearly at the frontier of the Madagiri Taluk and bordering on the Nidadavasa Taluk of the Maduthapur District and a decent Bungalow with accommodation for at least two travellers is absolutely necessary. Apart from this, the locality is very healthy and is conveniently situated for inspecting purposes for all officers concerned. At present there is a wretched, country pot tiled, low roofed building with two small rooms and front verandah, which is used as a 3rd. class Travellers' Bungalow. The building is altogether unsuited for the purposes of a Bungalow and it may perhaps be converted into a Kitchen, when a new Bungalow is sanctioned.

3. The new Musaferkhana constructed on the bank of the Penaheni River at Nayalnadiki is con-
- veniently situated and serves the purposes now expected of a Bungalow

etc

at Thirumani

If the bungalow was constructed from provincial (D.F.W.) funds, it seems desirable that early arrangements should be made for selling its materials so as to prevent ~~their~~ their further deterioration and to obviate the necessity of the D.F.Bd paying for a caretaker when the building is not in a state of repair and useful for travellers.
